WELCOME MESSAGE

It is our pleasure to welcome you to CONCORDE 2025 – the Conclave on Obesity, Nutrition & Collaborative Research in Diabetes & Endocrinology, taking place on 14th December 2025 at the Marigold Hotel, Ameerpet, Hyderabad. Nestled in the heart of the city, the venue provides the perfect setting for meaningful learning, thoughtful discussions, and impactful collaborations in the rapidly evolving fields of endocrinology and metabolic health.

This year's conclave brings together distinguished national experts, thought leaders, and emerging voices to exchange cutting-edge scientific insights and practical clinical strategies. With a strong focus on obesity management, innovative diabetes therapies, endocrine disorders, and multidisciplinary care approaches, CONCORDE 2025 aims to bridge clinical excellence with forward-looking research.

Our sessions will highlight critical topics relevant to modern-day endocrinology—including AI in healthcare, pediatric endocrinology, GLP-1–based therapies, precision medicine, metabolic fitness, and enhanced patient adherence strategies. Panel discussions, interactive sessions, and evidence-driven lectures are designed to empower clinicians with actionable knowledge that directly benefits patient outcomes.

We remain committed to nurturing a collaborative ecosystem where learning, mentorship, and research come together to strengthen the future of endocrine and metabolic health care. With an engaging scientific program, expert-led deliberations, and opportunities for meaningful professional connections, CONCORDE 2025 promises to be a transformative academic experience.

We warmly invite you to join us at Marigold Hotel, Hyderabad, and be part of this enriching journey. Together, let us advance the science, practice, and future of endocrinology.
